[ISA Hamilton Expo 2004](#)

[About Jordan Engineering Inc.](#)

Tim Dakers, of International Innovative Systems, will be in our offices on **Tuesday, April 27** at 12:00pm. Over lunch, Tim will spend some time discussing the Innovative Technologies line of Transient Voltage Surge Suppressors (TVSS), as well as the E-Factor line of High Efficiency, Harmonic Mitigating Transformers. Both of these are closely related to power quality, and work well together. We would like to extend an invitation for you to join us for lunch, and hear more about this topic. Tim will also be available to stay after lunch to answer any questions or provide more individual solutions.

To see a bit more about these and other products, please check out their website at www.no-surge.com.

If you are interested in participating, please contact Anna at 905-563-5500 x223 or by email at Anna@JrdnEng.com by Monday, April 26.

Automation Workshop 2004

We were pleased to welcome over 40 people from 22 different companies to our 3rd Annual Automation Workshop on Friday, April 2nd at Inn on the Twenty in Jordan. Once again, it was a great day, with lots of opportunities for attendees to interact with one another, as well as with a variety of vendors and end users.

New this year were the vendor tables, which provided attendees the chance to discuss individual products and solutions one on one with the vendors.

We would like to thank everyone who attended our workshop this year, and helped to make it such a success. We look forward to seeing you next year!

Coming Soon - See our website for photos and more information

Some comments on Automation Workshop 2004:

"good variety of subjects and presenters - nice place, good time, friendly atmosphere and informative people"

Ken Anthes, Municipality of Niagara

"Very well organized, good content, well worth the day."

Gary McKenzie, Gerrie Electric

"Excellent Overall. Interesting and relevant presentations and discussions."

Eric Baumgart, Georgia-Pacific Canada Inc.

ISA Hamilton Expo 2004

We had a great time at the [ISA Hamilton Expo](#) at the Royal Botanical Gardens in March. It was our first time participating in this trade show, and it was a good opportunity to see a lot of familiar faces, as well as giving us the chance to meet some new people.

Congratulations to Nupura Krishnamoorthy of Dofasco, who won our draw prize of a Deluxe Backpack Kit, as well as a free pass to our 2004 Automation Workshop!

About Us

Jordan Engineering Inc. (<http://www.JrdnEng.com/>) is a group of Engineers and Computer Professionals who provide industrial software solutions. We work closely with your operations, maintenance and industry specialists to jointly develop a customized, user-friendly system with both long term and short term ROI. Our services include:

- PLC Programming
- SCADA & Website Design
- Customized Training
- System Integration
- Full 24 Hour Support

For more information about our services, please visit the [services](#) section on our website or contact Sandra Murre directly at:
